Monthly Maintenance Records Must Be Submitted or Check Will Be Held

**This example above is from a driver who is only getting charged 12%.
 So your numbers would be off by 6% starting off.**

HOWEVER, every year that you are here with JSK we reduce the percentage of what we charge. After having been here a year, we will charge you 17%, the year after that it would be 16% and so on until 12%.

With every year that you are with us, the risk levels go down and we are able to reduce how much we charge.

Please reach out for any questions or clarifications you might need.
