## Separation Guarantee \$5k

- JSK Trucking specializes in Dry Van cargo.
- No touch to the driver.
- Resets happen at your homebase.
- There is no forced dispatch.
- Drive about 10,000 miles per month.

If at your current company, you drive in comparable conditions and you don't make more money on average here at JSK, we will pay you \$5000 to go back to your previous employer. We are that sure that mile for mile we are better than the other guys.

You would have to provide documentation of your current performance. GPS data tracking your miles and bank statements to track your income over a 6-month period.

If your experience and income is not better here at a comparable 6 month period, we will gladly compensate you for your time with JSK and give you \$5000 to go back to your previous company.
